# Patient Health Information Consent Form

We want you to know your Patient Health Information (PHI) is going to be used in this office as well as your rights concerning those records. Before we will begin any health care operations, we must require you to read and sign this consent form stating that you understand and agree with how your records will be used. If you would like to have a more detailed account of our policies and procedures concerning the privacy of your Patient Health Information, we encourage you to read the **HIPAA NOTICE** that is available to you at the front desk before signing this consent.

1. The patient understands and agrees to allow this chiropractic office to use their Patient Health Information (PHI) for the purpose of treatment, payment, healthcare operations, and coordination of care. As an example, the patient agrees to allow this chiropractic office to submit requested PHI to Health Insurance Company (or companies) provided by us by the patient for the purpose of payment.
2. The patient has the right to examine and obtain a copy of his or her own health records at any time and request corrections. The patient may request to know what disclosures have been made and submit in writing any further restrictions on the use of their PHI.
3. A patient's written consent need only be obtained one time for all subsequent care given to the patient in this office.
4. The patient may provide a written request to revoke consent at any given time during care. This would not effect the use of those records for the care given prior to the written request to revoke consent, but would apply to any care given after the request has been presented.
5. For your security and right to privacy, all staff has been trained in the area of patient record privacy and a privacy official has been designated to enforce those procedures in our office. We have taken all precautions that are known by this office to assure that your records are not readily available to those who do not need them.
6. Patients have the right to file a formal complaint with our privacy official about any possible violations of these policies and procedures.
7. If the patient refuses to sign this consent for the purpose of treatment, payment, and health care operations, the chiropractic physician has the right to refuse to give care.

I have read and understand my Patient Health Information will be used and I agree to these policies and procedures.

**INFORMED CONSENT**

Chiropractic, as well as other types of healthcare, is associated with potential risk in the delivery of treatment. Therefore, it is necessary to inform the patient of such risks prior to initiating care. While Chiropractic treatment is remarkably safe, you need to be informed about the potential risks related to your care to allow you to fully be informed in contesting to treatment.

**SPECIFIC RISK POSSIBILITIES ASSOCIATED WITH CHIROPRACTIC CARE ARE:**

**Stroke:** Stroke is the most serious complication of Chiropractic treatment. It is rare. According to the journal of CCA, vol. 37 no2, June 1993, recent studies estimate the risk of this type of stroke is 1 in every 3 million upper cervical adjustments. Vertebral arteries, which supply the brain with blood, are located within the bones of the upper spine. Therefore, cervical treatment poses a small risk for the stroke, which is temporary or permanent brain dysfunction. On extremely rare conditions, death occurs.

**Soreness:** Chiropractic adjustments are sometimes accompanied with post treatment soreness. This is normal, but please advise your doctor of Chiropractic of the soreness.

**Soft Tissue Injury:** Occasionally, Chiropractic treatment may aggravate a disc injury, or cause minor joint, ligament, tendon, or other soft tissue injury.

**Rib Injury:** Manual adjustments to the thoracic spine, in rare cases, may cause a rib injury or fracture. Precautions such as pre-adjustment X-rays are taken in cases considered at risk. Treatment is performed carefully to minimize such risks.

**Physical Therapy Burns:** Heat generated by physical therapy modalities can cause minor burns to the skin. These are rare, but should be reported, as well as other side effects you may be experiencing.

Chiropractic is a system of healthcare delivery and therefore, as with any healthcare delivery system, we cannot promise a cure for any symptoms, condition or disease. An attempt to provide the best Chiropractic care is our goal, and if the results are not successful, we will refer you to another healthcare provider. If you have any questions, please ask your doctor.

**Having carefully read the above, I hereby give my informed consent to have  
Chiropractic treatment administered.**

PATIENT NOTIFICATION OF FINANCIAL RESPONSIBILITY

I understand that I may be financially responsible for any charges incurred at this office including Copayments, deductibles, and any charges denied or not covered by my insurance company.

I realize that my care may be subject to pre-authorization by my insurance company, and I accept all responsibility for any treatments that are determined to be not medically necessary. I understand that my coverage does not cover routine maintenance, preventative or wellness visits.

My initial office visit and examination may or may not be covered under my insurance contract. This is a contract between you and your insurance company, not Chiropractic Specialists of Pittsburgh. Our office will submit all required documentation to the insurance company, or their designee, so that a review relative to determination of medical necessity can be made for subsequent treatment. I understand that both Chiropractic Specialists and I will be advised as to whether additional treatment has been approved or denied and the number of visits that have been approved for a specific time period. Charges for services determined to be not medically necessary by my insurance company will be my responsibility.

Insurance policy limitation is per individual policy plan, as are copayments, coinsurances, deductibles, pre authorizations and/or referrals.

I have read and understand my obligations for payment care in the absence of insurance coverage.
